Apopka, Florida

Credentialed, chain-of-custody medical & radiopharmaceutical courier serving Greater Orlando and Central Florida. We provide HIPAA-compliant transport for nuclear pharmacies, hospitals, laboratories, and clinics — including Class 7 radiopharmaceutical and hazmat-credentialed delivery most local couriers are not qualified to carry.

CORE CAPABILITIES

- Radiopharmaceutical & nuclear medicine transport** — Class 7 dangerous-goods delivery of time-critical, short-half-life doses, fully DOT-compliant.
- STAT specimen & laboratory logistics** — urgent and routed specimen transport under bloodborne-pathogen protocol, timestamped pickup to delivery.
- Temperature-controlled & specialty pharmaceuticals** — cold-chain-conscious delivery from pharmacy to patient, hospital, or clinic.
- Hospital, clinic & pharmacy courier routes** — scheduled and on-demand medical deliveries across the metro.
- Airport medical cargo — MCO** — TWIC-enabled pickup and delivery of medical/ pharmaceutical air cargo.
- Overflow & contract courier capacity** — on-call support for courier networks and logistics providers, same standards, no ramp-up.

WHO WE SERVE

Nuclear & radiopharmacies · Hospitals & health systems · Clinical & reference laboratories · Oncology & imaging centers · Specialty & compounding pharmacies · Courier & medical logistics networks

DIFFERENTIATORS

- Rare credential stack** — Class 7 radioactive, non-radioactive HazMat, HazMat CDL, and TWIC in a single driver; a genuine competitive moat in Central Florida.
- One accountable courier** — owner-operated; the person who picks up is the person who delivers, with full documented chain of custody.
- Local & early** — Apopka-based, available for the pre-dawn routes radiopharmaceutical and STAT work require.

ACTIVE CREDENTIALS
